

ARMA 10S CF-SF

They are single-grade engine oils produced with quality mineral base oils and advanced performance additives. It is suitable for diesel, gasoline and LPG vehicles operating in light and medium conditions. It keeps the oil system clean and reduces fuel consumption by providing more engine performance with less residue and harmful emissions.

Features and Benefits

- ✓ Thanks to the detergent and dispersant additives it contains, it keeps the engine clean and extends the life of engine parts.
- ✓ It has high thermal stability and reduces soot and residue formation.
