

PROFESSIONAL 20W50 SJ/CF-4

ENGINE OIL

It is a gasoline engine oil produced by blending quality base oils with high performance additives. It is an all-season engine oil that provides effective performance in gasoline and LPG vehicles, as well as passenger and commercial diesel engines, which are used extensively in urban traffic. It is suitable for use in all types of engines with turbochargers and catalytic converters.

Features and Benefits

- ✓ It keeps the oil system clean and reduces fuel consumption by providing more engine performance with less residue and harmful emissions.
- ✓ It preserves the oil film thickness by reducing the effect of heat change on oil viscosity.
- ✓ It facilitates the first start-up in cold weather and provides effective lubrication in hot weather.
- ✓ It protects the engine against all kinds of corrosion and rust and extends its life.

Technical specifications

TEST	METHOD	VALUES
Kinematic Viscosity (100° C)	ASTM D 445	16.3-21.9 cSt
Viscosity Index	ASTM D 2270	Min.110
Flash Point	ASTM D 92	Min.230°C
Pour Point	ASTM D97	Max .(-24°C)

Approvals and Specifications

- ◆ API CF-4/SJ
- ◆ MB 228.1, 229.1
- ◆ ACEA A3/B3-04
- ◆ ACEA E3-96 Issue 4
- ◆ Mack EO-L Plus
- ◆ MAN 271
- ◆ MTU Level 1
- ◆ Deutz DQC-I-05
- ◆ Volvo VDS

Storage Information

- ✎ Packaging: It should be stored in covered areas with tightly closed lids.
- ✎ It should not be exposed to the direct effects of solar heat and heat sources.
- ✎ exceed 60°C . It should be stored with a maximum of two pallets on top of each other.
- ✎ For more information, refer to the Material Safety Data Sheet (MSDS).
